

EESTI TEE (CAMINO de Santiago): Toomkirik - Pärnu Jakobi kirik - Ikla/Heinaste

PÄEV 5: MÄRJAMAA - KIVI-VIGALA

The fifth day begins in front of Märjamaa Church and runs the first 9 km on the RMK Penijõe-Aegviidu – Kauksi hiking route to the Susla campfire site and a little further. The road is mostly on a former railway embankment. For lunch the road reaches the historic Konuvere stone bridge, where you find picnic tables. Vigala River is crossed via historic bridge and and after that the highway (Via Baltica) is crossed. Now the road runs along small forest roads to the Velise River.

Now there is opportunity to visit small and charming gothic Maydell Chapel (previous landlords of Velise). Chapel is 200 m away from official trail. The road continues on the banks of the Velise River towards Via Baltica back again, which is crossed and then passes Päärdu Manor House (closed territory). Road continues towards Vigala St. Mary's Church via small village roads.

Day 5 offers options. For nature lovers, there is an alternative trail over Illaste bog. You can see the Põrgupõhja bunker of the Forest Brothers (Estonian partisan fighters in the beginning of Soviet occupation in Estonia).

Additional overnight stays, futher away shops, sights and other **ALTERNATIVE OPTIONS**, are marked in blue.
